Pursuant to 37 C.F.R. § 1.97, Applicant hereby calls the
Examiner's attention to the document listed on the attached form,
which document may be material to the examination of this
application. A copy of the document is enclosed herewith for the
Examiner's consideration.

No inference should be drawn that any apparatus or method
disclosed is equivalent to the subject invention. Also, the
citation of the above-discussed document is not to be construed as
an assertion that more pertinent art could not possibly be in
existence. Citation of the document herein is not to be construed
as an admission that any subject matter disclosed in the document

is necessarily within the inventive field of endeavor, that any disclosure is necessarily prior in time to a particular date which may be relevant to the instant patent application, and/or that any disclosure is otherwise necessarily prior art with respect to the instant invention.

Applicant also respectfully reserves the right to later set forth how the instant invention is distinguished over the disclosure of any document or other art, including the disclosure of the document discussed herein, that may be cited by the Examiner in rejecting a claim in the present patent application.

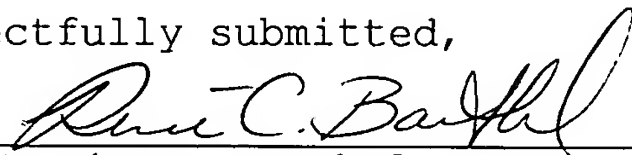

This Information Disclosure Statement is being filed after the mailing date of a first Office Action after the filing of a RCE, but before a final action or an action that closes prosecution. The cited reference was first called to Applicant's attention in an Office Action dated September 8, 2004 in related Application Number 10/328,057 filed on December 23, 2002. Accordingly, pursuant to 37 C.F.R. § 1.97(e)(2), it is hereby stated: no item of this information disclosure statement was cited in a communication from a foreign patent office in a counterpart foreign application, and, to the best knowledge of the person signing this certification after making a reasonable inquiry, no item of information contained in this information disclosure statement was known to any individual designated in 37 C.F.R. § 1.56(c) more than three months prior to the filing of this information disclosure statement. Consequently, as provided in 37 C.F.R. § 197(c), a fee under §

1.17(p) is not required for the filing of this information disclosure. However, if it is determined that an additional fee is required, then authorization is hereby granted to charge Deposit Account 50-1039 any additional fee required.
